

Whitetail Mineral Recipe

Ingredients Makes 200 lbs.

1. 1 part Di-calcium phosphate (this is dairy feed additive)
 - a. Comes in 50 lb bags
 - b. 1 bag is needed
 - c. Cost/bag—approximately \$35
2. 2 parts Trace mineral salt, red and loose kind without medication
 - a. Comes in 50 lb. bags
 - b. 2 bags needed
 - c. Cost/bag—approximately \$6
3. 1 part stock salt (ice cream salt)
 - a. Comes in 50 lb. bags
 - b. 1 bag is needed.
 - c. Cost/bag—approximately \$5

Notes:

- When measuring out equal parts, use a 3 lb. coffee can sized instrument for each ingredient for consistent results.
- Thoroughly mix ingredients
- If you do not use all 200 lbs. in one application, be sure to store the ingredients separately. Do not mix ingredients and store.
